

HYBRID PATIENT SLINGS

Coloured binding tape identifies sling size

FEATURES & BENEFITS

- Hybrid sling facilitates both Hygiene and General Purpose manual handling
- Intuitive shape allows ease of access for toileting and dressing
- Full coverage shoulder and head support
- Security belt and padded leg straps support the trunk and thighs
- Durable loop webbing designed not to tangle or 'cork-screw' during cleaning
- Embroidered unique serial numbers for traceability
- Service record labels to easily record and identify service history
- Machine washable up to 85°

POLYESTER
