TR

The best from every angle.

The sweeping curves of the titanium dual-tube frame are the perfect fusion of striking design and driven performance. Lighter, more efficient, and more elegant than any chair anywhere. As our flagship rigid chair, the TR is simply the best of the best.

TiFit. Personal Ergonomics.

The difference between a TiFit® chair and all other chairs is that a TiFit chair is a wheeled prosthetic: Every frame is made to measure. A TiFit chair brings unparalleled performance and function. You will feel the difference in everything you do. TiFit... not standard.

Custom Configuration.

Custom Configuration allows you to add options and components to your chair to meet your needs and to optimise your riding experience. This includes choices of wheels, handrims, tyres, wheel locks, colour, tattoos, and more. TiLite offers more options for the individual.

Technical Specifications

Frame Features	Titanium Dual-Tube Rigid TiFit Limited Adjustability	Camber	0°, 2°, 4°, 6°, 8° or 12°
